Black Feminist Thought: Knowledge, Consciousness, and the ...

Black Feminist Thought is the first history and analysis of "Black women's ideas" told in a voice that is "both individual and collective, personal and political, one reflecting the intersection of my unique biography with the larger meaning of my historical times." In it we discover new meanings for selected and neglected traditional female themes like gossip, hair, TV, movies, food, and clothing; get a fresh look at where and how knowledge is produced; learn
