OCR Command Verbs - Flashcards in Other Computing
Command words are the words in the exam questions (usually one of the first words) which indicate what the examiner wants from the question and the style of the response needed. Knowing what command words mean is important for understanding the demands of the question – however the rest of the wording in a question is just as important to read.

This is the OCR endorsed publication from Bloomsbury for the Greek GCSE set text prescriptions examined from 2018 to 2023. The texts covered are: Homer Odyssey 6:48–159 Iliad 3:1–112 Odyssey 7:184–297 Herodotus Histories 1.30–4, 86–7 and 6.125 (Solon & Croesus; How Alcmaeon Was Enriched by Croesus) Histories 3.17–25, 38 (The Ethiopians; The Power of Custom) Histories 2.2, 69–70, 129–33, 31–2 (Psammetichus; Crocodiles; Mycerinus; Pygmies) Euripides Alcestis 280–393 Electra 215–331 Bacchae 434–508, 800–38 Plato Phaedo 59c–60a, 115b–d, 116b–d, 117c–18a Plutarch A Spartan Childhood Lucian Anacharsis and Athletics The Isle of the Blest The volume starts with an introduction to ancient Greek history and culture, which will set in context the passages for the exams and give guidance on how to translate ancient Greek. The prescribed texts are set out in clear passages facing commentary notes, with further information on GCSE vocabulary and key terms as well as study questions. The full GCSE vocabulary is provided at the back of the book and a timeline, Who's Who, glossaries and map combine to give students a focused preparation for their exams. The book is supported by a companion website of further resources.

Essential GCSE Latin is a practical and accessible guide for students. Covering all the linguistic requirements (grammar, syntax and vocabulary) for GCSE Latin, the book is closely linked to OCR's current syllabus. This immensely useful textbook provides straightforward and easy to understand explanations of every grammatical construction needed for GCSE, from ablative absolutes to result clauses. Each point of grammar is generously illustrated with examples and practice sentences. The book concentrates on understanding the principles behind accidence and syntax, reducing the need for rote learning. 650 practice sentences provide ample opportunity for the student to get to grips with every point of grammar as it is introduced. Essential GCSE Latin can be used on its own, or a revision guide for a fast but comprehensive recap of the language. Helpful, concise and clear, the book has an easily navigable structure which breaks down the language into bite-sized sections. Essential GCSE Latin also includes a list of all the vocabulary needed for the exam and a glossary of grammar terms for quick and easy reference. An appendix of 15 practice passages provides further experience and helps equip the student for the current Language 2 paper. This new edition includes revised exercises throughout the book and updated vocabulary.

PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology.

First written in response to a JACT survey of over 100 schools, and now endorsed by OCR, this textbook has become a standard resource for students in the UK and for readers across the world who are looking for a clear and thorough introduction to the language of the ancient Greeks. Revised throughout and enhanced by coloured artwork and text features, this edition will support the new OCR specification for Classical Greek (first teaching 2016). Part 1 covers the basics, whilst Part 2 introduces a wider range of grammatical forms and constructions, with a vocabulary of 435 words and reading material from Socrates and the Sophists to the world of myth, and finally to extended passages of lightly adapted Herodotus. Practice passages, exam papers and revision sentences for GCSE complete Part 2, which has a reference section covering the whole course. Written by a long-time school teacher and examiner, this two-part course is based on experience of what pupils find difficult, concentrating on the essentials and on the understanding of principles in both accidence and syntax: minor irregularities are postponed and subordinated so that the need for rote learning is reduced. It aims to be user-friendly, but also to give pupils a firm foundation for further study.

Cicero composed his incendiary Philippics only a few months after Rome was rocked by the brutal assassination of Julius Caesar. In the tumultuous aftermath of Caesar's death, Cicero and Mark Antony found themselves on opposing sides of an increasingly bitter and dangerous battle for control. Philippic 2 was a weapon in that war. Conceived as Cicero's response to a verbal attack from Antony in the Senate, Philippic 2 is a rhetorical firework that ranges from abusive references to Antony's supposedly sordid sex life to a sustained critique of what Cicero saw as Antony's tyrannical ambitions. Vituperatively brilliant and politically committed, it is both a carefully crafted literary artefact and an explosive example of crisis rhetoric. It ultimately led to Cicero's own gruesome death. This course book offers a portion of the original Latin text, vocabulary aids, study questions, and an extensive commentary. Designed to stretch and stimulate readers, Ingo Gildenhard's volume will be of particular interest to students of Latin studying for A-Level or on undergraduate courses. It extends beyond detailed linguistic analysis to encourage critical engagement with Cicero, his oratory, the politics of late-republican Rome, and the transhistorical import of Cicero's politics of verbal (and physical) violence.
