This paper uses moral philosophy to critique leadership theory and the phenomenon of leadership itself. It is an example of what I call "critical leadership ethics," which engages the existing lite... This paper uses moral philosophy to critique leadership theory and the phenomenon of leadership itself.

A "critical leadership ethics" approach to the Ethical

Abstract: Our literature review focuses on the emerging construct of ethical leadership and compares this construct with related concepts that share a common concern for a moral dimension of leadership (e.g., spiritual, authentic, and transformational leadership). Drawing broadly from the intersection of the ethics and leadership literatures, we offer propositions about the antecedents and outcomes of ethical leadership.

Ethical leadership: A review and future directions

But it's not all negative. Studies have found practical, positive benefits too. For example, one experiment at Cornell University found that "ethical leadership was positively and significantly related to employee performance." Another study published in ScienceDirect showed that ethical leadership made employees less likely to leave. Given the high cost of employee turnover, this is a significant benefit.

What Is Ethical Leadership? How to Be a More Ethical Leader
