MLA is a style of documentation that may be applied to many different types of writing. Since texts have become increasingly digital, and the same document may often be found in several different sources, following a set of rigid rules no longer suffices.

MLA Formatting and Style Guide // Purdue Writing Lab
As detailed in the 2016 MLA Handbook, MLA uses a parenthetical documentation system, which means you will place citations in parentheses within your own sentences to indicate you have used ideas, information, and quotations from sources at that particular spot in your paper; the parenthetical information points to specific sources in an alphabetized list of works cited (it's not called a bibliography in MLA), which appears at the end of your paper.

MLA Documentation Guide – The Writing Center – UW–Madison
MLA style is a system for documenting sources in scholarly writing. For over half a century, it has been widely adopted for classroom instruction and used throughout the world by scholars, journal publishers, and academic and commercial presses.
