Rural settlements and Society in Anglo-Saxon England ...

There are some salient characteristics of rural settlements. Rural area is sparsely populated because many people leaves rural areas and settles in the urban areas for more facilities. These society has homogeneity. in its profession that is their only source of earning is agriculture and this is transmitted from generation to generation. There is homogeneity in dress, language and customs.

Characteristics of Rural Settlements | Rashid's Blog: An ...

Communities living in rural settlement are predominantly involved in primary activities such as farming, lumbering and mining. On the other hand, urban communities are engaged predominantly in secondary and tertiary activities such as construction, food processing, banking research etc. Rural and urban settlements are often compared also in terms of their functions, population sizes and population density. A rural settlement tends to have small population and low population density. Urban ...
