The military campaigns of Julius Caesar constituted both the Gallic War (58 BC-51 BC) and Caesar's civil war (50 BC-45 BC). They followed Caesar's consulship (chief magistracy) in 59 BC, which had been highly controversial. The Gallic War mainly took place in what is now France. In 55 and 54 BC, he invaded Britain, although he made little headway.

The core of the campaign history of the Roman military is an aggregate of different accounts of the Roman military's land battles, from its initial defense against and subsequent conquest of the city's hilltop neighbors on the Italian peninsula, to the ultimate struggle of the Western Roman Empire for its existence against invading Huns, Vandals and Germanic tribes. These accounts were written by various authors throughout and after the history of the Empire.

The Jacobite Wars is a detailed exploration of the Jacobite military campaigns of 1715 and 1745, set against the background of Scottish political, religious and constitutional history. The author has written a clear and demythologised account of the military campaigns waged by the Jacobites against the Hanoverian monarchs.

This volume offers an account of all the battles of the Wars of the Roses. Emphasizing the strategies and tactics employed, the author describes when and why the various factions arrived at a given battlefield to fight for their causes. Although much is known about the social milieu of the period and of the political machinations that led to the wars, Haigh 's account gives descriptions of when and why the various factions arrived at a given battlefield and how they fought once the battle had been joined.

Renowned for its accuracy, brevity, and readability, this book has long been the gold standard of concise histories of the Napoleonic Wars. Now in an updated and revised edition, it is unique in its portrayal of one of the world's great generals as a scambler who never had a plan, strategic or tactical, that did not break down or change of necessity in the field. Distinguished historian Owen Connelly argues that Napoleon was the master of the broken play, so confident of his ability to improvise, cover his own mistakes, and capitalize on those of the enemy that he repeatedly plunged his armies into uncertain, seemingly desperate situations, only to emerge victorious as he "blundered" to glory. Beginning with a sketch of Napoleon's early life, the book progresses to his command of artillery at Toulon and the "whiff of grapeshot" in Paris that netted him control of the Army of Italy, where his incredible performance catapulted him to fame. The author vividly traces Napoleon's campaigns as a general of the French Revolution and emperor of the French, knowledgeably analyzing each battle's successes and failures. The author depicts Napoleon's "art of war" as a system of engaging the enemy, waiting for him to make a mistake, improvising a plan on the spot-and winning. Far from detracting from Bonaparte's reputation, his blunders rather made him a great general, a "natural" who depended on his intuition and ability to read battlefields and his enemy to win. Exploring this neglected aspect of Napoleon's battlefield genius, Connelly at the same time offers stirring and complete accounts of all the Napoleonic campaigns.

New insights are offered into the bloodiest day of the Civil War--September 17, 1862--where more than 23,000 men fell at the Battle of Antietam. 40 illustrations. Maps. Index.

In the spring of 1864, in the vast Virginia scrub forest known as the Wilderness, Ulysses S. Grant and Robert E. Lee first met in battle. The Wilderness campaign of May 5-6 initiated an epic confrontation between these two Civil War commanders—one that would finally end, eleven months later, with Lee's surrender at Appomattox. The eight essays here assembled explore aspects of the background, conduct, and repercussions of the fighting in the Wilderness. Through an often-revisionist lens, contributors to this volume focus on topics such as civilian expectations for the campaign, morale in the two armies, and the generalship of Lee, Grant, Philip H. Sheridan, Richard S. Ewell, A. P. Hill, James Longstreet, and Lewis A. Grant. Taken together, these essays revise and enhance existing work on the battle, highlighting ways in which the military and nonmilitary spheres of war intersected in the Wilderness.

The Spotsylvania Campaign marked a crucial period in the confrontation between Ulysses S. Grant and Robert E. Lee in Virginia. Waged over a two-week period in mid-May 1864, it included some of the most savage fighting of the Civil War and left indelible marks on all involved. Approaching topics related to Spotsylvania from a variety of perspectives, the contributors to this volume explore questions regarding high command, tactics and strategy, the impact of fighting on officers and soldiers in both armies, and the ways in which some participants chose to remember and interpret the campaign. They offer insight into the decisions and behavior of Lee and of Federal army leaders, the fullest descriptions to date of the horrific fighting at the "Bloody Angle" on May 12, and a revealing look at how Grant used his memoirs to offset Lost Cause interpretations of his actions at Spotsylvania and elsewhere in the Overland Campaign. The contributors: _William A. Blair, Grant's Second Civil War: The Battle for Historical Memory _Peter S. Carmichael, We Respect a Good Soldier, No Matter What Flag He Fought Under: The 15th New Jersey Remembers Spotsylvania _Gary W. Gallagher, I Have to Make the Best of What I Have: Robert E. Lee at Spotsylvania _Robert E. L. Krick, Stuart's Last Ride: A Confederate View of Sheridan's Raid _Robert K. Krick, An Insurmountable Barrier between the Army and Ruin: The Confederate Experience at Spotsylvania's Bloody Angle _William D. Matter, The Federal High Command at Spotsylvania _Carol Reardon, A Hard Road to Travel: The Impact of Continuous Operations on the Army of the Potomac and the Army of

Northern Virginia in May 1864 _Gordon C. Rhea, The Testing of a Corp Commander: Gouverneur Kemble Warren at the Wilderness and Spotsylvania

Are you a fan of history around the world, especially the Second World War? Then you must find that the surrender of France to Germany had a great impact on the course of history. Grab a copy and follow the chronicle of this shocking event. In this comprehensive historical account, the author chronicles the significant but often overlooked political events and military campaigns leading up to and over the course of this defeat. Throughout the book, Jackson vividly captures the complexities of Germany's military campaign and the reaction of the Allied Forces - through the eyes of the troops fighting on the battlefield. The Fall of France is, therefore, a must-read for a more in-depth understanding of the political and military events of this turbulent period.

A variety of important but lesser-known dimensions of the Chancellorsville campaign of spring 1863 are explored in this collection of eight original essays. Departing from the traditional focus on generalship and tactics, the contributors address the campaign's broad context and implications and revisit specific battlefield episodes that have in the past been poorly understood. Chancellorsville was a remarkable victory for Robert E. Lee's troops, a fact that had enormous psychological importance for both sides, which had met recently at Fredericksburg and would meet again at Gettysburg in just two months. But the achievement, while stunning, came at an enormous cost: more than 13,000 Confederates became casualties, including Stonewall Jackson, who was wounded by friendly fire and died several days later. The topics covered in this volume include the influence of politics on the Union army, the importance of courage among officers, the impact of the war on children, and the state of battlefield medical care. Other essays illuminate the important but overlooked role of Confederate commander Jubal Early, reassess the professionalism of the Union cavalry, investigate the incident of friendly fire that took Stonewall Jackson's life, and analyze the military and political background of Confederate colonel Emory Best's court-martial on charges of abandoning his men. Contributors Keith S. Bohannon, Pennsylvania State University and Greenville, South Carolina Gary W. Gallagher, University of Virginia A. Wilson Greene, Petersburg, Virginia John J. Hennessy, Fredericksburg, Virginia Robert K. Krick, Fredericksburg, Virginia James Marten, Marquette University Carol Reardon, Pennsylvania State University James I. Robertson Jr., Virginia Polytechnic Institute and State University
